

IV Pillows for Children

The finished size of the pillow cases is 8" x 12".

Please use cheerful fabrics. These are for children and teens. Flannel or cotton fabrics are good.

Instructions:

Cut two rectangles 8 ½" x 12 ½".

Place them right sides together and sew on all sides using a ¼" seam allowance and leaving an opening to turn the pillow inside right.

Turn the pillow right side out and stuff lightly with fiberfil stuffing. Do not over stuff please.

Slip stitch your opening closed.

Pillows may be turned in to Renita Sullivan at the PQ meeting or contact her to make arrangements otherwise.
